WHO WE ARE

Technical Xperts Group (TXG) is a leading Digital Delivery partner providing engineering and technology solutions for the built environment. Since 2013, we have helped clients across Saudi Arabia, UAE and Australia, deliver smarter projects through innovation, collaboration, and digital excellence.

Our multidisciplinary team delivers integrated solutions across BIM, Digital Construction, Reality Capture, GIS, Digital Twin, Asset Management, and Enterprise IT platforms, supporting projects throughout their entire lifecycle.

PROJECTS DELIVERY**

OUR SOLUTIONS

01

BUILDING INFORMATION MODELLING

- LOD 200, 300, 400 & 500
- Asset Information Modelling (COBie)
- Scan to BIM Modelling
- Digital Transformation Consultancy

02

REALITY CAPTURE (LIDAR SCANNING)

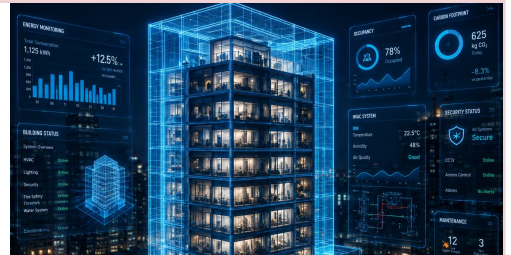

- Laser Scanning and Survey
- Record Modelling
- Deviation Analysis

03

FACILITY MANAGEMENT & ASSET MANAGEMENT

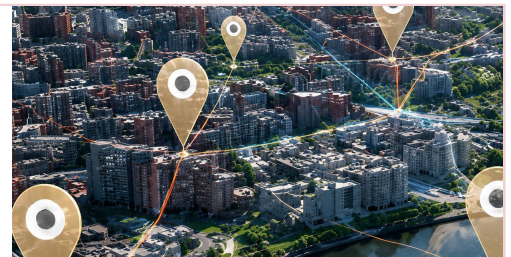

- Digitize Facility Management process
- Computer Aided Facility Management (CAFM)
- Digital Twin

04

GEOGRAPHIC INFORMATION SYSTEM

- Geo-BIM Integration and Support
- GIS data layers and ArcGIS integration
- Smart City integration

05

IT SERVICES

06

STAFFING SERVICES

- Secondment support for BIM

LANDMARK PROJECTS

160+ projects delivered across **Saudi Arabia, UAE, Australia** and other international markets.
